### Playalong Recordings List

May, 2017

The following PDF lists of recordings are recommended as playalong recordings to go with World Music Drumming ensembles.

- Keep scrolling down to see all of the lists.
- Artist and album information is given.
- Most the songs can be purchased on iTunes or similar services. Putumayo recordings (Putumayo.com) are not part of iTunes.

#### Guidelines for helping students play along with recordings

- You must have a reasonably powerful sound system — playing drums with a small sound system won't work.
- Teach students to play softly; they must follow the recording, not the other way 'round.
- Begin by having students find the beat and meter of the recording: then start with air drumming their parts.
- Stop drumming during breaks in the recording; then bring them back in.
